You will be able to enjoy three workshops; each will be 1 1/4 hours long for detailed, in-depth sessions. Bring a notepad and pen, and be prepared to learn!

### ***Partly Cloudy with Scattered Showers and Promise of Sunshine*** by Brother Molale

Mirror, mirror on the wall, do I need an overhaul? When was the last time you looked into your life's mirror? What did you see? What would you like to change? How do you start? The Savior explained, "My people must be tried in all things, that they may be prepared to receive, the glory that I have for them" (D&C 136:31). If we resist the lessons he provides, if we rebel and refuse to learn, the afflictions will be repeated over and over, with greater and greater intensity, until we finally humble ourselves and learn what choice we need to make to change and draw closer to the Savior. Learn what you can do to live with your stormy days and draw closer to the Savior.

### ***How is Your Testimony Doing Today?*** by Elder Skinner

Do you know the process for acquiring and strengthening your testimony? Learn how to evaluate the effectiveness of your testimony at any given time and what efforts are necessary to maintain your testimony.

### ***Morphing Into My Own Kind of Butterfly*** by Dr. Chiyomi Fukino

Protected by special markings, caterpillars of all kinds munch their way to morphing into beautiful butterflies. Do you know what your special markings (talents) from our Heavenly Father are? Do you know what strengths have been forged by adversity in your life to enable your morphing? Are you a morphing caterpillar or just food for the birds? Are you stuck in your chrysalis, that safe, comfortable and closed off space where there is only room for you? This workshop will explore ways to identify and refine talents throughout life's journey, including gentle suggestions for those who are stuck in their chrysalis! Full fledged butterflies are welcome!

### ***The "Secret" of Family Success*** by Dr. Charlene Bell

Learn how to use the "Law of Attraction" to create your own miracles and find success in dating, family life, career, personal development, friendships, and social networking.

### ***Genealogy — Get Started Today!*** By Sister Marvie Wong and Sister Priscilla Otsuji

Get practical advice from two dedicated genealogists about how to get started on your own genealogy. Find out about what resources and technology tools are available to help you jump-start your research. Learn what kinds of questions to ask to get family members talking about their own life histories. Hear inspiring true stories about miraculous reunions and incredible discoveries of lost family treasures. Have fun with technology and create multimedia archives that preserve special family images and stories for future generations.

**Participants (Single members and their single guests ages 18 and over) are invited to attend this conference provided they maintain standards of honor, good language, integrity, and morality; abstinence from tobacco, alcohol, coffee, tea, and harmful drugs; and modesty in dress. Registration for any and all activities constitutes consent to abide by these standards; any not doing so will not be admitted or will be asked to leave.**
